INSTRUCTIONS FOR CIRCULATING THE PETITION FOR ROAD NAME

In order to name or rename an existing road, this Road Name Petition, accompanied by the Road Name Application, must be thoroughly completed and submitted to the Department of Planning and Building with applicable fees. All petition information must be neatly printed, with the exception of signatures. Unfortunately, mistakes or omissions of the required information will delay processing the proposed road name.

Prior to circulating the petition, please contact your neighbors and mutually decide on three or more possible road names. To review the list of road names already used and not available go to our website at www.sloplanning.org and follow the links to the road name list. At this point you will need to call the Department to see which proposed road names meet county criteria (outlined on the back of the Road Name Application form). Once your neighbors and the Department have agreed on a road name, enter the name on the Road Name Application and Road Name Petition forms and begin circulating the petition. You will need a majority of owners of addressable structures and/or vacant parcels to sign the petition indicating their desire for the proposed road name. And please, only one signature to represent each property ownership.

Once the application is completed, and the petition properly circulated, you may submit the forms and the appropriate fee to the Department of Planning and Building.
